Hello Everyone,

I only need 15 seconds of your time, please see below!

We are still developing the structured member of the new Public Safety Advisory committee, please be on the look out for a formal invite. Presently, we have the need for a vote (through email – one word response only) on 3 certificates that have pending Advisory approval so we can award them to students. Each certificate awards students and educational outcome based on their previous experience in POST or STC and then leads to an upcoming degree. This would serve both recent students, and future students in giving them generous educational credit (almost 50%) toward a degree. This would also apply to folks who have experience, but no college units, we are going through final stages to award credit for prior learning. This is critical to that effort.

Please reply YES or NO to vote in favor or against these proposed (and completed) certificates:

- **Peace Officer Certification**
 - o Applicable to all who complete the POST Regular Basic Academy (or Module 3, 2, and 1) and leads directly to a local AA degree in police sciences
- **Corrections Officer Certificate**
 - o Applicable to all who complete the STC academy and leads directly to a local AA degree (with some additional courses in Admin of Justice) in police sciences
- **Reserve Officer Certificate**
 - o Applicable to all who complete the Module 3 and 2.

Please just reply all YES or NO to the certificate proposals. If approved, they will be active in fall and we can begin awarding students these awards.

There will be more coming in the

Thank you!

I only need 15 seconds of your time, please see below!

We are still developing the structured member of the new Public Safety Advisory committee, please be on the look out for a formal invite. Presently, we have the need for a vote (through email – one word response only) on 3 certificates that have pending Advisory approval so we can award them to students. Each certificate awards students and educational outcome based on their previous experience in POST or STC and then leads to an upcoming degree. This would serve both recent students, and future students in giving them generous educational credit (almost 50%) toward a degree. This would also apply to folks who have experience, but no college units, we are going through final stages to award credit for prior learning. This is critical to that effort.

Please reply YES or NO to vote in favor or against these proposed (and completed) certificates:

- <!--[if !supportLists]--> <!--[endif]-->Peace Officer Certification
 - <!--[if !supportLists]-->o <!--[endif]-->Applicable to all who complete the POST Regular Basic Academy (or Module 3, 2, and 1) and leads directly to a local AA degree in police sciences
- <!--[if !supportLists]--> <!--[endif]-->Corrections Officer Certificate
 - <!--[if !supportLists]-->o <!--[endif]-->Applicable to all who complete the STC academy and leads directly to a local AA degree (with some additional courses in Admin of Justice) in police sciences
- <!--[if !supportLists]--> <!--[endif]-->Reserve Officer Certificate
 - <!--[if !supportLists]-->o <!--[endif]-->Applicable to all who complete the Module 3 and 2.

Please just reply all YES or NO to the certificate proposals. If approved, they will be active in fall and we can begin awarding students these awards.

There will be more coming in the

Thank you!
