- This program is still going on and we are in need of more mentors.

Questions for the community

1. Any issues and trends in the community?
2. Are there any new courses that we need to include? Any certificates to serve?
3. What else?

Discussion Notes:

Jocelyn Mendoza - Make a TK refresher plan for those who need the refresher - make a special TK class of what that looks like - how about informational sessions for the community

David Zendejas - is a principal and they need more in the pool of substitutes and we can connect them - there is a proficiency test that must be made - can we offer a preparation course for the LAUSD test? (create a non credit course that would prep people for the class)

Multilingual certificate - do we need to include a proficiency course that is within the language as well?

Karla Martinez - says we need more than 1 class in this to have proficiency

Alicia - the basic class, then the language 1 & 2 plus 1-2 others
