...

* Required

1. Name and Organization *

2. Action 1: Recommendation to approve development of the new ARCHT Orientation Certificate (New Noncredit Certificate) and courses.

This two-unit certificate would include two new tuition free noncredit courses including required orientations as course prerequisites. ARCHT Orientation I will take place prior to ARCHT 61 and ARCHT Orientation II before ARCHT 62.

ARCHT Orientation I: This will be a required one unit course to allow students to explore the certificates and degrees in the Architecture program, clarifies the requirements of the awards, and reviews general safety concerns associated with hand tools and generating physical models by hand.

ARCHT Orientation II: This will be a required one unit course that focuses on safety concerns unique to Architecture's fabrication facilities. *

- Yes, I approve the creation of this new certificate and courses
- No, I do not approve the creation

3. Action 2: Recommendation to approve development of the new Architect Registration Examination (ARE 5.0) PREP Certificate (New Noncredit Certificate) and courses.

This twelve unit certificate would include six new noncredit courses that cover each part of the ARE exam. One of the barriers into an architectural career is the lack of test preparation and the second is the cost and stress of the exam process. By offering these tuition free noncredit courses and materials for studying, we believe we can increase license attainment for historically underrepresented students. These will be 8-week online courses, allowing a student to complete the 6 exam sequence in one year.

Below are the new courses we would be adding to support this award:

- ARE 5.0 Prep – Practice Management (two units)
- ARE 5.0 Prep – Project Management (two units)
- ARE 5.0 Prep – Programming & Analysis (two units)
- ARE 5.0 Prep – Project Planning & Design (two units)
- ARE 5.0 Prep – Project Development & Documentation (two units)
- ARE 5.0 Prep – Construction & Evaluation (two units) *

Yes, I approve the creation of this new certificate and courses

No, I do not approve
