Food Science Technicians & Food Scientists and Technologists (Food Safety and Quality Control Technicians)

FOOD SCIENCE TECHNICIANS perform standardized qualitative and quantitative tests to determine physical or chemical properties of food or beverage products.

FOOD SCIENTISTS AND TECHNOLOGISTS use several sciences to study the principles underlying the processing and deterioration of foods; and apply food science knowledge to determine best ways to process, package, preserve, store, and distribute food.

Related Job Titles:

- **Quality Analyst**
- **Quality Technician**
- **Quality Control Technician**
- **Quality Assurance Technician**

Completion Year 2014 Jobs Timeframe 2015-2020

Important Skills

- ✓ Knowledge of raw materials, production processes and quality control.
- ✓ Test quality of materials or finished products

✓ Area inspection for sanitation standards compliance

✓ Effective oral and written communication

✓ Quality of materials and products evaluation

✓ Combining information to form conclusions

Information and data for this report are the following public and proprietary sources: Economic Modeling Specialists (EMSI), Bureau of Labor Statistics and O*NET online.

Centers of Excellence www.coeccc.net

The bureau of labor statistics occupational handbook and O*NET do not contain any occupations entitled Food Safety and Quality Control Technicians. However, the occupational descriptions for Food Science Technicians, Agriculture and Food Science Technicians and Food Scientists and Technologist are relevant to the performance expectations associated with Food Safety and Quality Control Technicians. These conclusions were also reflected in the Crosswalk discussed later in this profile.

Analysis of the job requirements and duties for these occupations contained the same base requirements with an obvious progression of knowledge, skills and abilities (reflectively). For example; the latter title of Food Scientists and Technologist contained significantly higher educational requirements in terms of science knowledge and application.

| Occupation | | 2020 | C | Percent | Median |
